Amazing Arabic Mezze!

Served as a buffet, Mezze is the “tapas” of the Middle East - a selection of several dishes, main courses and desserts bursting with flavour for you to try, as much or as little as you like.

All the food is freshly prepared and cooked by Syrian and Iraqi chefs who have recently arrived as refugees in Coventry. They have years of experience in the restaurant and food sector in their home countries and are passionate about sharing their food culture.

Enjoy the evening with family and friends, hear stories and learn more about the lives of families from Syria and Iraq, now settling into our localities.

Arabian Bites is a project, working in partnership with Coventry City Council and St Francis of Assisi Church, which helps promote integration, community cohesion, understanding and tolerance. Newly arrived refugees are being supported to learn new skills and share their culture.
